## ADVOCACY UPDATES

### Now Available – AAPath Advocacy Priorities for 2026!

**AAPath 2026 Advocacy Priorities:** Under the leadership of Steven Kroft, MD (Medical College of Wisconsin), Chair of the AAPath Advocacy Committee, the 2026 AAPath Advocacy Priorities approved by AAPath Council are now posted at: [www.academicpathology.org/statements](http://www.academicpathology.org/statements). The priorities remain focused on the academic missions of education, practice and research, while adjusting to the evolving political and regulatory landscape at the national level. Take a moment to reflect on how the AAPath is your voice for academic pathology by reviewing the [AAPath 2026 Advocacy Priorities](#).

## MEMBERSHIP RENEWALS

### AAPath Membership Renewals

***Grace Period Ends January 31, 2026!***

The 2026 AAPath membership renewal season has come to an end! We thank you for being valued members of the AAPath! **Members who do not pay their dues by the grace period deadline of January 31<sup>st</sup> will be unsubscribed from their respective listservs and will not**

**have access to members only material**, including reduced registration fees for meetings, webinars and listservs, and voting privileges (if applicable).

**Need to Update Your Department's Membership Roster?** For those on the AAPath Departmental roster, your one departmental dues rate provides access to education, training, information resources, and networking opportunities for Chairs and Vice Chairs, department executives (through APEX), residency program directors and associate program directors (through PRODS), GME program coordinators and administrators (through GMEAS), and directors of medical student curricula or programs (through UMEDS), and other professionals in our academic affinity groups. Keeping the membership roster current is vital for your department to maximize the value of AAPath membership. If you need to update your membership roster (at any time of the year), please review the instructions and FAQs on the AAPath website at: [www.academicpathology.org/membership-updates](http://www.academicpathology.org/membership-updates) or contact us at [info@academicpathology.org](mailto:info@academicpathology.org).

**General Membership Option Available** – For faculty and staff who do not serve in the traditional AAPath Section leadership roles but are interested in advancing the missions of academic pathology and developing their leadership connections and opportunities through engagement with the AAPath community, the new General Membership category allows benefits that include the opportunity to receive AAPath announcements, attend members-only virtual events, access members-only resources, secure annual meeting membership pricing, and network with academic colleagues and leaders. General Membership is renewable annually on the anniversary of membership. Direct any inquiries to [info@academicpathology.org](mailto:info@academicpathology.org).

**We hope you enjoy the community and other benefits of AAPath membership, as we strive to better serve and represent you each year!** *Updates on all AAPath's activities are provided in our monthly e-News, which are [archived here](#).*

## MEMBER RECOGNITION

### AAPath Member Recognition

AAPath seeks to highlight major member accomplishments in this Member Recognition section of the e-News, where we spotlight special announcements, such as advancement to national leadership positions, inductions into national academies, national and international awards, national press coverage, Chair retirements, new Chair appointments, and more! If you have an announcement that you would like to share, please contact the AAPath Office at: [info@academicpathology.org](mailto:info@academicpathology.org) to let us know!

## In Memoriam

Members who recently passed and who served AAPath in leadership roles, such as Presidents and Council Members among the AAPath Sections, or who received AAPath honors or awards are recognized in this section if the AAPath Office is notified. Pause and reflect on the legacy, impact, and memories these colleagues have made on you:

**Avrum Gotlieb, MD (1946-2026)** – Received the AAPath Distinguished Service Award in 2013, was a member of the Senior Fellows Group, and an inaugural member of the Academy of Distinguished Pathology Educators. [Obituary as published by Steeles Memorial Chapel](#)

## AAPath 2026 ANNUAL MEETING – *Early Bird Discount Ends in 2 Weeks!*

The **59th AAPath Annual Meeting** will be held at the historic **Hilton Boston Park Plaza in Boston, MA, July 19–22, 2026**. Join your colleagues for this once-yearly, highly anticipated opportunity to network with leaders in academic pathology. Arrive in time for the Welcome Reception on Sunday, July 19<sup>th</sup>, and engage in educational programming over three days – Monday, Tuesday, and Wednesday, concluding with the Awards Lunch to honor your colleagues of their achievements and service to academic pathology. If you are unable to attend the meeting in person, registration for remote participation by Zoom for most of the ballroom sessions is available. All registered attendees, whether attending in-person or remotely, will have access to session recordings online after the meeting has ended. The AAPath Annual Meeting is open to all AAPath Members!

**Learn More!** AAPath Section Councils and Committees are hard at work developing exceptional and timely educational content for the AAPath 2026 Annual Meeting. Program details will be updated as they evolve at: [www.academicpathology.org/aapath2026](http://www.academicpathology.org/aapath2026).

**Early Bird Discount:** Register TODAY to lock-in with the same meeting registration rates as AAPath 2025! **For just TWO MORE WEEKS through February 17, 2026, use the discount code EARLY2026 for \$100 off your meeting registration!** Learn more about pricing and registration details, including the AAPath Health and Safety Policy and Cancellation Policy at: [www.academicpathology.org/AAPath2026-Pricing](http://www.academicpathology.org/AAPath2026-Pricing)

**NEW – Travel Guide Information:** For customized tourist information for AAPath 2026 attendees, the Hilton Bost Park Plaza has provided a Boston City Guide and Meet Boston has provided a curated microsite. **NEW – Exhibitor Prospectus Now Available!** AAPath is excited to welcome back exhibits to the AAPath 2026 Annual Meeting! The AAPath Annual Meeting exclusively convenes pathology decision makers in academic practice, undergraduate and graduate medical education, and research. Network with over 400 Academic Pathology leaders in an intimate setting for exchanging ideas and information on current and cutting-edge topics and technology in Practice Management, Medical Education, and Research. All exhibitor and sponsor opportunities are

explained in the 2026 Exhibitor Prospectus. To learn more and apply today, visit the AAPath website at: [www.academicpathology.org/AAPath2026-Exhibits](http://www.academicpathology.org/AAPath2026-Exhibits).

***We want your help!*** If you have any questions or know of a vendor/company/organization who needs to be at the AAPath Annual Meeting, please share the link with them and contact [exhibits@academicpathology.org](mailto:exhibits@academicpathology.org).

## AAPath 2025 COMPENSATION BENCHMARKING STUDY

### AAPath 2025 Compensation Benchmarking Study

***Open through March 2026!***

**Take Action!** AAPath Member Departments (Chairs or APEX Members) may [log-in now](#) to participate and submit data! For insights on how to submit academic pathology compensation data and how to leverage this specialty data in conversations with hospital and medical center executives, even when your institution uses other national benchmarks, like MGMA and AAMC, [replay the recorded webinar](#) from October 30th. The webinar on the AAPath Compensation Benchmarking Survey was produced by the Practice & Management Committee with APEX Council members and is accessible through the Past Virtual Events page: [www.academicpathology.org/past-virtual-events](http://www.academicpathology.org/past-virtual-events) (member login required).

#### **Key takeaways on completing the data:**

- Plan ahead – block dedicated time
- Build once, re-use yearly – pull data from previous collection year (if participated in the past) and update accordingly
- Delegate wisely – export the form to an Excel spreadsheet, then segment components to share with your relevant admin team members for completion, then compile and submit data
- Leverage your network – connect within your community of Chair and/or APEX membership
- Prioritize data quality over quantity

**Leverage the data from AAPath member departments with other leaders at your medical center or health system** – see a slide, created by Dr. Merce Jorda (University of Miami), Chair of the P&M Committee, and Melissa Stedman (University of Miami), APEX Council Southeast Regional Representative, from the webinar that summarizes the key groups of leaders who could be influenced with timely and relevant departmental data reporting:

How to Leverage Data with Other Leaders

Who?	Why?	Outcome
Department Compensation Committee	Informational Awareness, Review Compensation, Create Action Plan Proposals	Proposals that lead to changes to reflect compensation alignment with other AMCs
Department Faculty	Informational Awareness	Retention, Recognition
Faculty Recruits	Informational Awareness	Successful Recruitment, Process Transparency
Central Physician Recruitment Team	Informational Awareness, Data Source	Approval of Position Requests
Central Physician Compensation Team	Informational Awareness, Data Source, Perform Analysis	Approval of Compensation Enhancement Requests
Chief Human Resources Officer	Informational Awareness	Assurance, understanding, and support of constant compensation improvement practices

**Why submit data?** The [AAPath Compensation Benchmarking Survey](#) addresses a critical need for member departments to access comparative regional and national data that informs recruitment, retention, and discussions with institutional leadership. The annual survey platform is designed to confidentially collect data from participating departments and transform into a member-interrogated reporting system when the data collection period is closed. For participating departments that complete the required questions (to be eligible to access data), the anonymized and aggregated results are accessible and sortable by a variety of self-selected metrics for analysis.

**Why participate as an AAPath departmental member?** The strength of the data is only as good as the participation level of the AAPath membership, so please make the time to submit your departmental data! The 2025 data collection period is now open through March 2026. To make participation in the 2025 study easier, no new questions will be added and, if you participated previously, data may be quickly copied from the previous year.

**How to submit and access data:** Chairs and APEX members with data entry privileges have received an email alert with instructions from Dynamic Benchmarking, or you may go directly to [start data entry here](#). For those departments who have participated in the past, access up to three years of data and customize reports to your precise needs.

GOVERNANCE UPDATES

AAPath Member Section Governance Updates

**2026-2027 Member Section Councils and the Senior Fellows Group Executive Committee:** Member Section activities are driven by volunteer leaders, who work hard throughout the year to advocate for members and plan professional development opportunities such as the Annual Meeting programming. Click the links below to learn more about each Member Section’s Council. Section Councils are currently in or will soon begin the nominations/elections process for leadership governance for the 2026-2027 academic year.

- [PRODS Council](#)

- [UMEDS Council](#)
- [APEX Council](#)
- [GMEAS Council](#)
- [Senior Fellows Group \(SFG\) Executive Committee](#)

If you have any questions about serving in a leadership role within the AAPath, please contact Amelia Stephenson at [astephenson@academicpathology.org](mailto:astephenson@academicpathology.org).

**Operating Procedures Updates:** The APEX and UMEDS Councils have proposed updates to their respective Operating Procedures. Both Sections have circulated these amendments for member review with deadlines at the end of this month. After members have the opportunity to vote on the proposed changes, they will be notified of the outcome and any updates to their membership Sections. For additional information or to get in touch with the APEX or UMEDS Council Secretary, please contact Amelia Stephenson at [astephenson@academicpathology.org](mailto:astephenson@academicpathology.org).

## APLF PROGRAM INFORMATION

### AAPath Pathology Leadership Fellows (APLF) Program

***Application Deadline: February 9<sup>th</sup>!***

The 2026-27 APLF Program application period is NOW OPEN and closes on February 9, 2026! The AAPath Pathology Leadership Fellows (APLF) program cultivates leadership potential and opportunities by providing experiences and education that accelerate understanding and competency in the skills required for academic administration. The APLF program offers mentoring, three exercises to develop self-promotion skills and career path awareness, monthly webinars covering key leadership topics, and two live leadership workshops. This well-received year-long (July to July) course has filled all classes since it was first offered in 2021. The APLF program is suitable for mid-to-senior level faculty (assistant, preferably associate, professor level faculty) pursuing vice chair, director, chief or chair roles. No more than two participants will be selected from any one AAPath member department in good standing (current dues paid). For information about the program and how to apply, visit [www.academicpathology.org/aplf](http://www.academicpathology.org/aplf).

## ACADEMY OF DISTINGUISHED PATHOLOGY EDUCATORS

**Announcing New Members!**

**Announcing New Members:** Congratulations to the Newest Inductees to the AAPath Academy of Distinguished Pathology Educators! The Academy welcomes its newest members in two newly established categories: Associate Members<sup>^</sup> and Regular Members. Associate Members are regionally or locally recognized pathologist-educators who demonstrate a strong record of achievement and clear potential to attain Regular Membership within five years. A mentoring relationship from an existing Member of the Academy will serve as a mentor to help guide the newer members into becoming more established. Regular Members are nationally or internationally recognized pathologist-educators who have demonstrated the highest levels of accomplishment and who are committed to advancing the future of pathology education through active participation in the Academy's activities. Congratulations again to the newest members of the Academy of Distinguished Pathology Educators:

- Phyu Aung, MD, PhD<sup>^</sup>, University of Texas, MD Anderson Cancer Center
- Bronwyn Bryant, MD<sup>^</sup>, University of Vermont Medical Center
- Shahla Masood, MD, University of Florida, Jacksonville
- Kristin Olson, MD<sup>^</sup>, University of California, Davis
- Fred Sanfilippo, MD, PhD, Emory University

## New Program – Enroll Today!

***Enroll TODAY in the NEW AAPath Fundamentals of Effective Health Science Education***

***Program:*** The AAPath's Academy of Distinguished Pathology Educators is pleased to welcome applications for the new 2026-2027 Fundamentals of Effective Health Science Education Program. The Fundamentals Program provides participants with a certificate-eligible program that enhances educator effectiveness and professional opportunities by providing focused essential knowledge and skills. This program is suitable for health science faculty at all levels of experience who seek professional development to enhance their effectiveness, enrich their knowledge and experience, and develop their career as a health science educator. AAPath membership is not a requirement to participate in this program. This program will admit a limited number of participants, so the application process is expected to be competitive. **The 2026-2027 Fundamentals Program participants will be selected from applications received by March 20th, 2026.** For further information about the program and how to apply, visit:

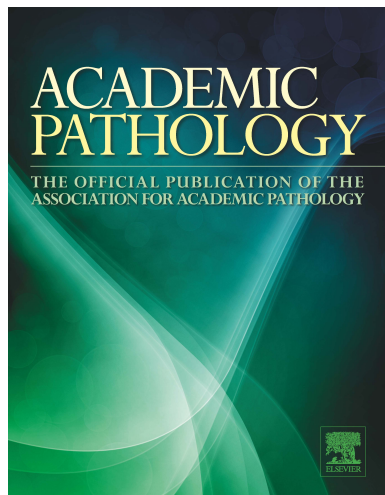

[www.academicpathology.org/fundamentals-program](http://www.academicpathology.org/fundamentals-program).

## ACADEMIC PATHOLOGY ARTICLES AND EDITOR-IN-CHIEF SESSIONS

### What's NEW in *Academic Pathology*

*Academic Pathology* is AAPath's **fully open-access, PubMed-indexed, peer-reviewed journal** and part of the world-class collection of journals and pathology resources published by Elsevier, with visibility to a global audience of academic leaders through Science Direct and Clinical Key.

***Academic Pathology's 2024 impact factor increased to 1.3 (from 1.2 in 2023 and 1.0 in 2022) and the journal is now ranked 61 of 90 journals in the Pathology category – one more reason to [submit your manuscript](#) to AAPath's official journal!***

## Hot Topics Webinar Series: Dialing into Digital Pathology

### PathPresenter – Industry Update Webinar\*

This Industry Update webinar is designed for pathology leaders and administrators interested in remote second opinion and consultation workflows. Dr. Rajendra Singh, founder of PathPresenter, will discuss how digital pathology platforms are being used to support secure, scalable consultation services across institutions. The webinar will walk participants through key components of digital consultation workflows, including case management, communication with referring laboratories, system integration, and security considerations. Attendees will gain practical insight into how institutions are approaching operational efficiency, reducing reliance on physical slide transport, and supporting compliant digital workflows for consultation services.

## AAPath CONSOLIDATED REGIONAL MEETING

### AAPath 2026 Consolidated Regional Meeting Reflection

Thank you to the participants who attended the AAPath 2026 Consolidated Regional Meeting of Chairs and Administrators from January 16<sup>th</sup> through 19<sup>th</sup> at The Ritz-Carlton, Amelia Island, Florida! The joint and intimate breakout sessions focused on (1) Implementing and Preparing for Digital Pathology and Artificial Intelligence, (2) Leadership in Education and Training, (3) Advocating for the Academic Department, and (4) Faculty Recruitment and Development, all with an overarching question on “What can AAPath do?” in each of these areas. The deep and engaging discussions in smaller groups helped focus on the needs of pathology departments, as well as potential avenues to address these gaps to make the AAPath the professional home for academic pathology leaders. The reception, breakfasts, and recreational activities provided an intentional but relaxed atmosphere for networking and socializing among colleagues and friends. Chairs and APEX members should mark your calendars now and save the date for the **2027 Consolidated Regional Meeting (January 15<sup>th</sup>-18<sup>th</sup>) when we return to the Terranea Resort in Rancho Palos Verdes**, California (southwest of Los Angeles and west of Long Beach)! *Registration will open later this summer.*
